INDEPENDENT AUDITOR'S REPORT

The Board of Trustees of National Music Museum: America's Shrine to Music Vermillion. South Dakota

We have audited the accompanying financial statements of National Music Museum: America's Shrine to Music, (a nonprofit organization) which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities, and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risk of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the organization's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the organization's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the National Music Museum: America's Shrine to Music, as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Summarized Comparative Information

We have previously audited National Music Museum's 2014 financial statements, and our report dated October 3, 2014, expressed an unmodified opinion on those audited financial statements. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2014, is consistent, in all material respects, with the audited financial statements from which it has been derived.

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements of the National Music Museum: America's Shrine to Music, taken as a whole. The accompanying Schedule of Functional Expenses and Schedules 1 through 7 of the supplemental information listed in the Table of Contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole.

NATIONAL MUSIC MUSEUM: AMERICA'S SHRINE TO MUSIC NOTES TO FINANCIAL STATEMENTS JUNE 30, 2015

NOTE 1 - Summary of Significant Accounting Policies

Nature of Organization

The National Music Museum: America's Shrine to Music (the Museum) serves the people of South Dakota and the Nation as an international center for collecting and conserving musical instruments of all cultures and bringing people together to study, enjoy, and understand our diverse musical heritage. It partners with and is located on the campus of The University of South Dakota.

Basis of Accounting: The accompanying financial statements have been prepared on the accrual basis in accordance with generally accepted accounting principles.

<u>Financial Statement Presentation:</u> The Museum has adopted Statement of Financial Accounting Standards No. FASB ASC-958, "Financial Statements of Not-for-Profit Organizations." Under FASB ASC-958, the organization is required to report information regarding its financial position and activities according to the following three classes of net assets:

Unrestricted net assets represents the portion of expendable funds that is available for support of the Museum's operations.

Temporarily restricted net assets represent resources that are restricted for the acquisition of musical instruments, capital construction, exhibitions, publications, and other restricted purposes. When the purpose of the restriction is accomplished, temporarily restricted assets are classified to unrestricted net assets and reported in the statement of activities as released from restriction.

Permanently restricted net assets are endowment funds that are subject to restrictions of gift instruments requiring in perpetuity that the principal be invested and the income only be used for purposes designated.

Public Support and Revenue

Contributions, memberships, and grants are generally available for unrestricted use unless specifically restricted by the donor. Unconditional promises to give are recorded as received. Pledges receivable due in the next year are reflected as current promises to give and are recorded at their net receivable value.

All gain and losses from the sale, collection, or other disposition of investments are accounted for in the fund that owned the assets. Ordinary income from investments is accounted for in the fund that owned the assets.

Contributions of donated services that either create or enhance nonfinancial assets or that require specialized skills are provided by individuals possessing those skills. These services typically would need to be paid by the organization if not provided by donation. They are recorded at fair value in the period received. Donated services include travel to retrieve donations and other miscellaneous tasks.

Cash and Cash Equivalents

The Museum considers all highly liquid investments with maturity of three months or less when purchased to be cash equivalents. Cash and cash equivalents for the purposes of the statement of cash flows exclude permanently restricted cash and cash equivalents.

Use of Estimates

The organization prepares its financial statements on the accrual basis of accounting in conformity with generally accepted accounting principles. These principles require management to make estimates and assumptions that affect certain reported amounts and disclosures. Actual amounts could differ from those estimates.

Comparative Data:

The financial statements include certain June 30, 2014 comparative information. With respect to the statement of financial position, the statement of activities, and the statement of cash flows, such prior information is not presented by net asset class and, in the statement of functional expenses, the June 30, 2014 expenses by object are presented in total rather than by functional category. Accordingly, such information should be read in conjunction with the organization's financial statements for the year ended June 30, 2014 from which the summarized information was derived.

Museum Collections

The Museum collections, which were acquired through purchases and contributions since the organization's inception, are not recognized as assets on the statement of financial position. Purchases of collection items are recorded as decreases in unrestricted net assets in the year in which the items are acquired, or as temporarily or permanently restricted net assets if the assets used to purchase the items are restricted by donors. Proceeds from deaccessions or insurance recoveries are reflected as increases in the appropriate net asset classes.

Merchandise Inventories

Merchandise inventories are carried at the lower of average cost or market.

Investments

Some of the Museum's endowed accounts are invested in a pooled account with the University of South Dakota Foundation. On June 30, 2015, the University of South Dakota Foundation reported a current year unrealized gain on its pooled account. Net earnings and any additions from donations were allocated to each endowed account of the National Music Museum's Investment Fund. University of South Dakota Foundation has a policy of providing a payout of 4.60%, which was available for each account on July 1, 2014.

Investments are composed of mutual funds investing in debt and equity securities and are carried at fair value. Appreciation and depreciation in fair value are reflected in the period incurred.

Property and Equipment

The Museum occupies state-own buildings without charge from the state of South Dakota. Generally, expenses that are attached to the building are not capitalized. Property and equipment are depreciated over their useful lives using the straight-line method.

Income Taxes

The Museum is a nonprofit organization as described in section 501(c)(3) of the Internal Revenue Code and is exempt from federal and state income taxes.

NOTE 2 - Temporarily Restricted

Temporarily restricted net assets are available for acquisition of musical instruments, capital construction, exhibitions, publications, and other restrictive purposes. During the year a total of \$656,413.67 was released from the temporarily restricted fund to the unrestricted fund to carry on the above activities. See Schedule 1 for a breakdown of current balances as of June 30, 2015.

NOTE 3 - Permanently Restricted Net Assets

Permanently restricted net assets are endowment funds restricted in perpetuity with the principal invested and the income used for the purposes designated. Income generated by these assets is transferred to temporarily restricted net assets and unrestricted net assets unless stipulated otherwise. During the year a total of \$254,987.98 was released from the permanently restricted fund to the unrestricted fund.

NOTE 4 - Capital Campaign Contribution

The University of South Dakota Foundation (USDF) began a capital campaign during the 2013 fiscal year for a Museum expansion project which will be of mutual benefit to both the University and The Museum. As of June 30, 2015, pledges were in place totaling \$3,980,119 and payments had been received on those pledges in the amount of \$1,457,669, leaving a balance to be received of \$2,522,450. In addition, \$221,723 was received for one-time gifts for this capital campaign.

NOTE 5 - University of South Dakota Foundation

Funds held by the University of South Dakota Foundation as of June 30, 2015 are summarized as follows:

Total	\$ 100,301.73	\$ 114,473.83

NOTE 8 – Concentration of Credit Risk

The Museum maintains cash balances at Bank of the West, First Dakota Bank, and First Bank and Trust in South Dakota, which are insured by the Federal Deposit Insurance Corporation up to \$250,000. As of June 30, 2015, all of these deposits were insured by the FDIC.

The Museum is one of nine non-related organizations which hold investments with the University of South Dakota Foundation in Vermillion, South Dakota. The University of South Dakota Foundation investments are held 18.9% in fixed income securities, 43.4% in domestic equity securities, 15.2% in international equity securities, and 22.5% in other assets.

NOTE 9- Donated Facilities

The Museum occupies several buildings on the University of South Dakota campus. No rent is paid by the Museum. It is estimated that the approximate fair value of the annual rent, utilities, maintenance, and security is \$247,093 and it is included in contributions and expenses in the Statement of Activities.

NOTE 10 - Subsequent Events

In preparing these financial statements, the Museum has evaluated events and transactions for potential recognition or disclosure through October 6, 2015, the date the financial statements were available to be issued.
